

### REMARKS

In the Action mailed March 17, 2006, it has been asserted that the claims of the application are drawn to different inventions. Specifically, it is asserted that claims 1-5 are drawn to a counter (Group I); claims 6-24 are drawn to a door system (Group II), and claims 25 and 26 are drawn to a tensioning tool (Group III). It is asserted that these inventions are independent inasmuch as they have acquired a separate status in the art in view of their different classification. In view of the assertion, Applicants respectfully request examination of claims 25 and 26 in Group III, and respectfully request that claims 1-24 be cancelled, although Applicants respectfully reserve the right to file divisional applications directed to those cancelled claims.

In the event that a fee required for the filing of this document is missing or insufficient, the undersigned attorney hereby authorizes the Commissioner to charge payment of any fees associated with this communication or to credit any overpayment to Deposit Account No. 18-0987.
